

MP Biomedicals Life Science Products & Services

THE CONFIDENCE TO ADVANCE

With all the complexities and variabilities inherent in biological systems, you need instruments and reagents you can count on to deliver reproducible results, day-in and day-out. At MP Bio, we understand the importance of dependability and have built a comprehensive portfolio of life science products and services that are designed to keep your workflows flowing and your science on track.

From amino acids and antibodies to sample preparation reagents, you'll find everything you need at MP Bio to keep your studies moving. If you can't find what you need, just contact us—we can customize and custom source to meet your needs.

SPECIALTIES

BIOCHEMICALS

Amino Acids, Antibiotics, Carbohydrates, Detergents, Enzyme Inhibitors, Lipids, Nucleosides, Nucleotides & Peptides, Proteins & Derivatives, Stains & Dyes, Ultra Pure Buffer Reagents

CHEMICALS

Inorganics, Organics, Acids & Bases, Solvents, Adsorbents

ANIMAL DIETS & FEED

Standard Animal Diets, Standard Mineral and Vitamin Mixtures, Diet Components

ANTIBODIES

Primary Antibodies, Secondary Antibodies, Antisera, Specialty Reagents, Blocking Agents

CELL BIOLOGY

Cell Analysis, Cell Separation Media, Culture Media, Cell Culture Supplements, Serum and Serum Replacement, Cell Culture Antibiotics, Contamination Management, Mammalian Cell Culture, Microbiology Cell Culture, Plant Tissue Culture Media

MOLECULAR BIOLOGY

Cloning & Transformation, PCR & qPCR, Blotting & Hybridization

SAMPLE PREPARATION

FastPrep Bead Beating Systems, Lysing Matrices, DNA & RNA Isolation and Purification, Protein Extraction and Purification, Automated Nucleic Acid Purification, Sample Holders

ELECTROPHORESIS

Acrylamide, Agarose, Cross-linking Reagents, Electrophoresis Buffers, Gel Stains, Agarose Gel Apparatus & Accessories

LAB EQUIPMENT, REAGENTS & FOOD QUALITY TESTING

Liquid Handling, SafTest™ Lipid Quality Testing, Microplate Systems, Centrifugation, Scintillation Cocktails, Labware Cleaning Products

IMMUNOASSAYS

RIA, EIA, ChLIA Kits for Research, Stress, Reproduction, Neuroscience, Endocrinology

RADIOACTIVE SAFETY SOLUTIONS

Radiation Monitoring Packages, Badges, Badge Boards, Track-Etch, Rings, Leak Analysis Kits

APPLICATIONS

SAMPLE PREPARATION

ENVIRONMENTAL &
PLANT RESEARCH

METAGENOMICS

ANIMAL & VETERINARY
RESEARCH

CANCER RESEARCH

SARS-COV-2 & VIRAL
RESEARCH

FEATURED PRODUCTS

FastPrep® Bead Beating
Homogenization Systems

7X® Laboratory
Cleaning Solutions

Lymphocyte Separation
Medium

DSS for IBD/Colitis
Research

Corticosterone Double
Antibody RIA Kit

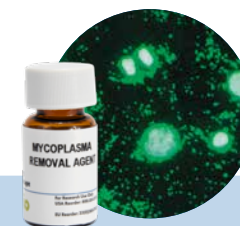

PlantCon™ Plant Tissue
Culture Containers

SafTest™ System for
Food Quality Testing

FastDNA™ SPIN Kit
for Soil

Mycoplasma
Removal Agent
