Safety Data Sheet acc. to OSHA HCS

Printing date 09/13/2019

Reviewed on 09/13/2019

1 Identification · Product identifier · Trade name: Cetyltrimethylammonium Bromide, molecular biology reagent · Article number: 194004 · CAS Number: 57-09-0 · EC number: 200-311-3 · Molecular Formula C19 H42 Br N • Molecular Weight 364.5 · Application of the substance / the mixture For Research Use Only · Details of the supplier of the safety data sheet · Manufacturer/Supplier: MP Biomedicals, LLC 29525 Fountain Parkway Solon, OH 44139 United States www.mpbio.com · Information department: Quality Control Department • Emergency telephone number: CHEMTREC: 1-800-424-9300 (1-703-527-3887) **2** *Hazard*(*s*) *identification* · Classification of the substance or mixture GHS08 Health hazard STOT RE 2 H373 May cause damage to organs through prolonged or repeated exposure. GHS05 Corrosion Eye Dam. 1 H318 Causes serious eye damage. GHS07 Acute Tox. 4 H302 Harmful if swallowed. Skin Irrit. 2 H315 Causes skin irritation. STOT SE 3 H335 May cause respiratory irritation. · Label elements • GHS label elements The substance is classified and labeled according to the Globally Harmonized System (GHS). (Contd. on page 2)

Signal word Danger Hazard-determining components of labeling: cetrimonium bromide Hazard statements Harmful if swallowed. Causes skin irritation. Causes serious eye damage. May cause expiratory irritation. May cause damage to organs through prolonged or repeated exposure. Frecautionary statements Do not breat dust/fume/gas/mist/vapors/spray. Wash thoroughly after handling. Do not eat, drink or smoke when using this product. Use only outdoors or in a well-venitlated area. Wear protective gloves / eye protection / face protection. If on skin: Wash with plenty of water. If INHALED: Remove person to fresh air and keep comfortable for breathing. If in eyes: Rise cautiously with water for several minutes. Remove contact lenses, if present and easy to Continue rinsing. Immediately call a poison center/doctor. Specific treatment (see on this label). Get medical advice/attention if you feel unwell. Take off contaminated clothing and wash it before reuse. If sink in tritation occurs: Get medical advice/attention. Store in a well-venitlated place. Keep container tightly closed. Store locked up. Dispose of contentis on the container tightly closed. Store locked up. Dispose of contents container in accordance with local/regional/national/international regulations. Safety Data Sheet acc. to OSHA HCS

Printing date 09/13/2019

Reviewed on 09/13/2019

Trade name: Cetyltrimethylammonium Bromide, molecular biology reagent

• **vPvB:** Not applicable.

3 Composition/information on ingredients

· Chemical characterization: Substances

· CAS No. Description

57-09-0 cetrimonium bromide

- · Identification number(s)
- EC number: 200-311-3

4 First-aid measures

- · Description of first aid measures
- General information:
- Consult your Doctor. Show the safety data sheet to the Doctor. Away from the dangerous area.
- After inhalation: If breathed in, supply fresh air. If not breathing, give artificial respiration. Consult a Doctor.
- After skin contact: Wash off with soap and plenty of water. Consult a Doctor.
- After eye contact: Rinse opened eye for several minutes under running water. Then consult a doctor.
- · After swallowing:
- Never give anything by mouth to an unconscious person. Rinse mouth with water. If symptoms persist consult a Doctor.
- · Information for doctor
- Most important symptoms and effects, both acute and delayed No further relevant information available.
- · Indication of any immediate medical attention and special treatment needed
- No further relevant information available.

5 Fire-fighting measures

- · Extinguishing media
- Suitable extinguishing agents: Use fire fighting measures that suit the environment.
- · Special hazards arising from the substance or mixture
- During heating or in case of fire poisonous gases are produced.
- · Advice for firefighters
- · Protective equipment: Mouth respiratory protective device.

6 Accidental release measures

 \cdot Personal precautions, protective equipment and emergency procedures

Mount respiratory protective device.

- Wear protective equipment. Keep unprotected persons away.
- Environmental precautions: Do not allow to enter sewers/ surface or ground water.
- Methods and material for containment and cleaning up:
- Use neutralizing agent.

Pick up mechanically, dispose contaminated material as waste according to Section 13. Ensure adequate ventilation.

· Reference to other sections

- See Section 7 for information on safe handling.
- See Section 8 for information on personal protection equipment.
- See Section 13 for disposal information.

(Contd. on page 4)

· Protective Action Criteria for Chemicals	(Contd. of page 3)
· PAC-1:	
	1.2 mg/m ³
· PAC-2:	
	14 mg/m ³
· PAC-3:	
	81 mg/m ³

7 Handling and storage

· Handling:

· Precautions for safe handling

Thorough dedusting.

- Ensure good ventilation/exhaustion at the workplace. Avoid direct contact with skin and eyes.
- · Information about protection against explosions and fires: Keep respiratory protective device available.
- · Conditions for safe storage, including any incompatibilities
- · Storage: 15-30°C
- Requirements to be met by storerooms and receptacles: No special requirements.
- Further information about storage conditions:
- · Specific end use(s) No further relevant information available.

8 Exposure controls/personal protection

• Additional information about design of technical systems: No further data; see Section 7.

- · Control parameters
- · Components with limit values that require monitoring at the workplace: Not required.
- Additional information: The lists that were valid during the creation were used as basis.
- · Exposure controls
- · Personal protective equipment:
- General protective and hygienic measures: Keep away from foodstuffs, beverages and feed. Immediately remove all soiled and contaminated clothing. Wash hands before breaks and at the end of work. Store protective clothing separately. Avoid contact with the skin. Avoid contact with the eyes and skin.
- · Breathing equipment:

In case of brief exposure or low pollution use respiratory filter device. In case of intensive or longer exposure use respiratory protective device that is independent of circulating air.

• Protection of hands:

Protective gloves

The glove material has to be impermeable and resistant to the product/ the substance/ the preparation. Due to missing tests no recommendation to the glove material can be given for the product/ the preparation/ the chemical mixture.

Selection of the glove material on consideration of the penetration times, rates of diffusion and the degradation

Trade name: Cetyltrimethylammonium Bromide, molecular biology reagent

· Material of gloves

The selection of the suitable gloves does not only depend on the material, but also on further marks of quality and varies from manufacturer to manufacturer.

· Penetration time of glove material

The exact break through time has to be found out by the manufacturer of the protective gloves and has to be observed.

· Eye protection:

Tightly sealed goggles

Solids content: • Other information

No further relevant information available.

10 Stability and reactivity

· Reactivity No further relevant information available.

- · Chemical stability
- Thermal decomposition / conditions to be avoided: No decomposition if used according to specifications.
- · Possibility of hazardous reactions No dangerous reactions known.
- Conditions to avoid

No further relevant information available.

Avoid contact with acids. Contact liberates a toxic gas.

· Incompatible materials: No further relevant information available.

· Hazardous decomposition products: No dangerous decomposition products known.

11 Toxicological information

· Information on toxicological effects

• Acute toxicity:

· LD/LC50 values that are relevant for classification:

57-09-0 cetrimonium bromide

Oral LD50 410 mg/kg (rat)

· Primary irritant effect:

• on the skin: Irritant to skin and mucous membranes.

• on the eye: Strong irritant with the danger of severe eye injury.

· Sensitization: No sensitizing effects known.

· Additional toxicological information:

· Carcinogenic categories

· IARC (International Agency for Research on Cancer)

Substance is not listed.

· NTP (National Toxicology Program)

Substance is not listed.

· OSHA-Ca (Occupational Safety & Health Administration)

Substance is not listed.

12 Ecological information

• Toxicity

· Aquatic toxicity:

ATE (Acute Toxicity Estimate)

Oral LC50/96 h 0.3 mg/L (Danio rerio (zebra fish))

57-09-0 cetrimonium bromide

Oral LC50/96 h 0.3 mg/L (Danio rerio (zebra fish))

· Persistence and degradability No further relevant information available.

- \cdot Behavior in environmental systems:
- · Bioaccumulative potential No further relevant information available.
- *Mobility in soil* No further relevant information available.
- Additional ecological information:
- · General notes:

Water hazard class 3 (Assessment by list): extremely hazardous for water

Do not allow product to reach ground water, water course or sewage system, even in small quantities. Must not reach bodies of water or drainage ditch undiluted or unneutralized.

Danger to drinking water if even extremely small quantities leak into the ground.

- · Results of PBT and vPvB assessment
- **PBT:** Not applicable.

• **vPvB:** Not applicable.

· Other adverse effects No further relevant information available.

13 Disposal considerations

· Waste treatment methods

· Recommendation:

Can not be disposed together with household garbage. Do not allow product to reach sewage system.

- · Uncleaned packagings:
- · Recommendation: Discard must be made according to official regulations.

• *GHS label elements* The substance is classified and labeled according to the Globally Harmonized System (GHS). • *Hazard pictograms*

· Signal word Danger

· Hazard-determining components of labeling: cetrimonium bromide · Hazard statements Harmful if swallowed. Causes skin irritation. Causes serious eye damage. May cause respiratory irritation. May cause damage to organs through prolonged or repeated exposure. · Precautionary statements Do not breathe dust/fume/gas/mist/vapors/spray. Wash thoroughly after handling. Do not eat, drink or smoke when using this product. Use only outdoors or in a well-ventilated area. Wear protective gloves / eye protection / face protection. If swallowed: Call a poison center/doctor if you feel unwell. If on skin: Wash with plenty of water. IF INHALED: Remove person to fresh air and keep comfortable for breathing. If in eyes: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Immediately call a poison center/doctor. Specific treatment (see on this label). Get medical advice/attention if you feel unwell. Rinse mouth. Take off contaminated clothing and wash it before reuse. If skin irritation occurs: Get medical advice/attention. Store in a well-ventilated place. Keep container tightly closed. Store locked up. Dispose of contents/container in accordance with local/regional/national/international regulations. (Contd. on page 10)
